- '09-'10 Suzuki Grand Vitara Limited (V6 – 4WD)

***This is a basic summary of vehicles that can be towed four wheels down behind an RV. The vehicle will require a tow bar, installation of baseplate/brackets, lighting, and a braking system to be legally towed. Some mistakes could have been made on this list, please consult your vehicles owner's manual to be sure of the process and compatibility. Also check-out Motor Home Magazine's "Guide(s) to Dinghy Towing" on the web at: www.motorhome.com/download-dinghy-guides/ that are published each year 2000 - 2017.*
